

- Calling for Volunteers -

The Health Insurance Counseling and Advocacy Program (HICAP) of Alameda County is actively recruiting for the role of Volunteer Medicare Counselor!

Are you looking for a meaningful volunteer experience? The Health Insurance Counseling and Advocacy Program (HICAP) may be the right fit for you! HICAP is seeking volunteers to help people with Medicare navigate the complex system of their health care coverage options. Through one-on-one counseling and informal advocacy, HICAP Volunteer Counselors are consumer advocates who assist seniors and persons with disabilities with information, tools, and problem-solving around their Medicare needs.

Consider joining us in this rewarding work! We welcome all applicants and are particularly interested in those who are fluent in another language, especially Spanish, Korean, Vietnamese, or American Sign Language.

Our next volunteer training course will begin in Spring 2023 and will take place over five weeks. Classes will be held over Zoom.

HICAP is state and federally funded. In Alameda County, HICAP is a program of Legal Assistance for Seniors.

For more information about HICAP, please visit our website: www.lashicap.org/programs/hicap/ and view the HICAP Counselor job description here: <https://www.lashicap.org/donate/volunteer/>

Navigating Medicare
