ABOUT LAS

Legal Assistance for Seniors (LAS) was founded in 1976 by three local women who identified a significant community need for free legal services for low-income older adults. LAS still exists because older adults continue to face financial fraud, elder abuse, unfair housing practices, or other legal matters.

LEGAL SERVICES

Through community support, our legal team advocates for and supports the rights of older adults. The legal assistance provided to each client is customized to best meet individual needs.

HEALTH INSURANCE COUNSELING & ADVOCACY PROGRAM

Our Health Insurance Counseling & Advocacy Program (HICAP) helps adults navigate the Medicare maze through free, one-on-one counseling from certified HICAP Counselors.

LAS staff and Carol Sandoval, a HICAP volunteer

“

What would be the real economic burden on a person, on a community, if [LAS] weren't around? What would happen to all these people, like me?

— Mr. Roth, HICAP client*
